

Meat Marinade and Salad Dressing

"Don't throw that juice away. It is quite possibly the best marinade you will ever find. It's so good we started bottling it up as a separate product. The Original Bread 'N' Butter Marinade"
Just use our peppers and juice to marinate beef, chicken, pork, or fish. Marinate overnight for best results. (this adds a really unique "slightly sweet" at first with just the right heat afterwards taste. Also great as a salad dressing or serve it over pasta.
