

# Peppertraders Jalapeno Orange Party Dip

*Posted by Tony Spradlin*

Great variation of our original dip recipe

1 jar The Original Bread 'N' Butter Jalapeño

16 oz. whipped cream cheese, softened

2 8-10 oz. can mandarin oranges, chopped and drained

Pinch of Kosher or sea salt

In a blender, add the entire jar of jalapeños with juice and chop. Place in large mixing bowl with the softened cream cheese. Add oranges to the cream cheese and jalapeños.

Mix well. Refrigerate the mixture; let stand for 1 hour to allow flavors to infuse.

Serve with plain tortilla chips or bagels. This makes quite a bit of special dip/spread, invite some friends and mix it up. Store in refrigerator.
